Match Live TV

QUICK GYM SHEET

ANDROID

A Before you start

Stable Wi-Fi
Preferably dedicated, not a crowded hotspot

Phone charging
Power bank or socket near the tripod

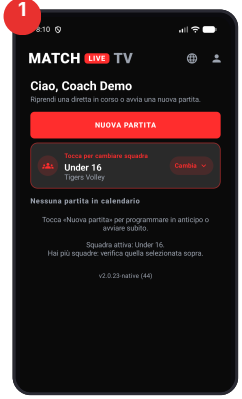

Unrestricted battery
Settings → Apps → Match Live TV → Battery

Permissions
Camera, microphone and notifications allowed

Right team
Check the active team in the hub

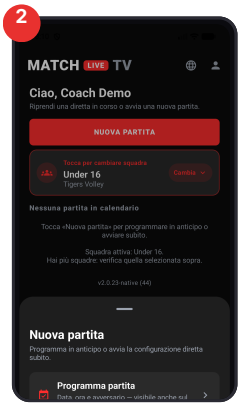

B Live in 6 steps

1

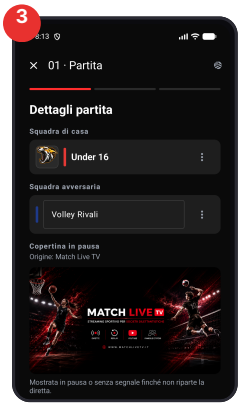

Hub
Check the **active team**, then NEW MATCH

2

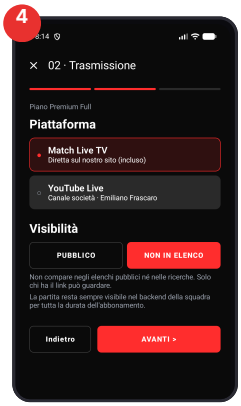

Start now
Already at the gym? Choose **Start now**

3

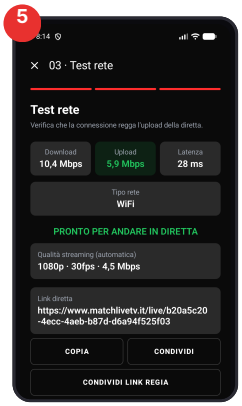

01 · Match
Opponent (⋮ Customize), location, sponsor

4

02 · Broadcast
Platform and visibility. Tests: **UNLISTED**

5

03 · Network test
START NETWORK TEST and share the **control room link**

6

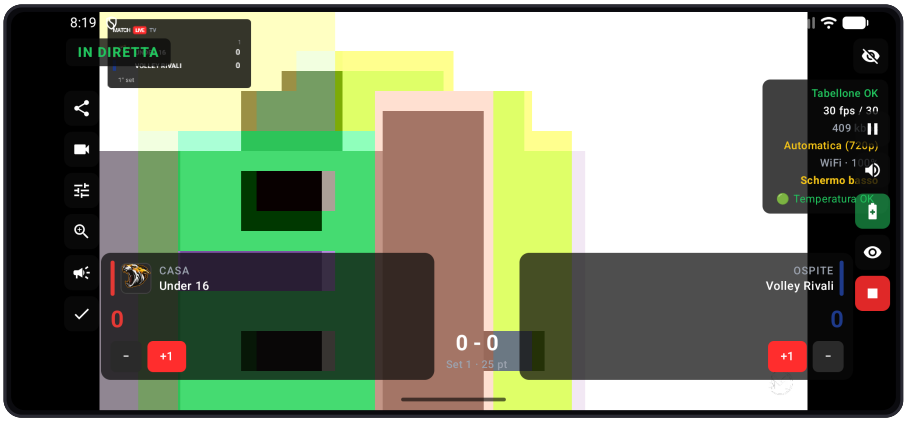

START >

The phone turns landscape: you are on air.

Keep the phone still on the tripod, whole court in frame.

Go live
The second operator opens the **control room**

C During the live stream — on-screen controls

Score: +1 and – for home and away · 6 closes the set

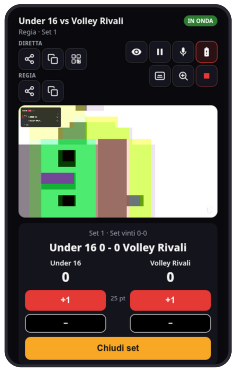

LEFT COLUMN

1. Share live stream
2. Share control room link
3. Quality / bitrate
4. Field zoom
5. Sponsor message
6. Close set

RIGHT COLUMN

7. Hide controls
8. Pause → cover on air
9. Mute audio
10. Screen dimming
11. Eco preview
12. End live

D Web control room

- Open the control room link on a tablet or second phone
- +1 / – points, Close set
- Pause, audio, sponsor, zoom without touching the phone
- Live QR code to show the fans
- "RTMP down"? The phone is not streaming: reopen the app
- Private link: only for whoever helps you

E If something goes wrong

Poor network test	Move closer to the router, disconnect other devices, retry
Live stream stops	Unrestricted battery, phone charging
Wrong scoreboard	Right active team in the hub?
Fans can't find it	With UNLISTED send the link or show the QR
You can't broadcast	The club must enable you as broadcast staff

Time-out or break? Use **PAUSE** (8), not **END**: "End" closes the live stream for everyone.
